

Summer Series race #2 South Western Track May 30, 2017

Results below for the 2 mile team run held tonight at South West track. Teams were determined by random card draw. Team times were added together and combined times used to determine place. Apologies to anyone effected, the times and places below are correct but slightly different then announced at the end of the run.

Next run is in two weeks at Codorus State Park. We will meet at the disk golf parking lot on Marina road for a 3 mile predicted time run.

Thanks to all that helped.
