

Summer Series #3, June 4, 2019

Hello runners,

Another good evening for a run. This was a 3 mile predicted time run. Runners picked their predicted time, ran without watches, and then the actual times were compared to the predicted. Closest time wins.

Results below. Series results will be updated in a couple days at

[Http://sprrhanover.org/summerseries.html](http://sprrhanover.org/summerseries.html).

Next run is in two weeks at Sheppard Myers dam and will be a 4-1/2 mile team run.

Thanks to all that helped.

Keve
