

Summer Series #3, June 1, 2021

Hello all,

Nice night to run. This was a 3 mile predicted time run. Runners predicted their times before the start, did not wear watches and then ran the course. The difference between the predicted and actual time was used for results, see below.

Series standings will be updated at <http://sprrhanover.org/summerseries.html>. Next run in two weeks will be at Shepard Myers Dam.

Thanks to everyone.

Kev
