Shepard Myers Dam 4.5 mile team run

It was a dark and stormy night. Then the sun came out, which made things a little steamy at the top of the hills. But a big crowd of runners completed the 4.5 mile run at Sheppard Myers dam. This was a team run with teams determined by a card draw. Times were combined to give each teams finish position. Next run is in two weeks at the South West Cross Country course.

Thanks to the volunteers and runners.
