

**Summer Series #4, June 18, 2019**  
**Shepard Myers Dam 4.5 mile Team Run2**

Well we almost made it through tonight's run with out rain, but a little came in at the end. Tonight was a team run. Teams were chosen randomly. Times were added for the two team members to determine results. Since we had an odd number of runners, one runners time was doubled. Results are below.

Next run is in THREE weeks at South West cross country course. Thanks to everyone who helped. A couple upcoming events. We are timing a 5K at the McSherrystown Moose on Saturday. If you would like to help, contact Jim. Aug. 3 is the Run for the Park 5K cross country run. Aug. 17 is the Good Ole Days 5K in Littlestown. Sept. 21 is Trails 4 Tails, 40 mile run and relay. You can find details at <http://sprrhanover.org/> If anyone is interested in helping with timing for the Summer Series, please let me know.
