

## Summer Series Race #5, June 29, 2021

Of course it was a hot humid night. And the farmer was just finishing bailing the wheat in the middle of the course as I pulled out of the parking area. But all went well. We had the largest participation of the season. Results are below. This was a card draw. The computer picks a random 5 card draw. High card count wins.

Nest run is a 5K handicap start at Heidelberg Township park. We will start by handicap and if all is good everyone will finish close together. Thanks to Coach Lee for marking the course and racking straw off the middle of the course. And thanks to all for the help.

Kev
