

## Summer Series Race #8, August 10 2021

With a little luck the storm blew through and we started just a little late. This was a 4 mile team predicted time run. Teams were determined randomly, runners predicted their times and all that was stirred in a bucket and results were poured out on the ground like rubber duckies and we fished out the winners one by one as they floated by on the rain run off. Results below.

For the overall series trophies were awarded to the top two.

1st woman, Bonnie Busby

2nd woman, Andrea Lynn

1st man, Eric McGillvray

2nd man, Jim Roller

Thanks to everyone who helped with the series.
